2022 Boys & Girls Clubs' Centre Street Garden

Opened in 2019, the garden serves over 400 children in After-School programs and Summer Camps. Three Rutgers' Master Gardeners provide gardening assistance, advice and educational sessions. The club partners with garden clubs, volunteers, corporations and other non-profits to provide this healthy eating and educational program for the children. Check out the video about the garden: <https://www.youtube.com/watch?v=bx7tKhUIDfg>
